**CUSTOMER TESTIMONIALS**

“These gloves are amazing. They are incredibly warm. Avid skiers know there is no substitute for leather and the same goes for motor cycle riders. They are totally windproof and extremely supple and comfortable. The large roomy cuffs easily cover and seal even the most bulky jacket sleeves. Was going to get electric gloves, but get the job done way more simply.” - Stephen P.

“Love them! I ride all year in any weather in the NorthWest. These keep my hands dry and warm, even in all day downpours. This is my second pair of gloves by Olympia, and I’m very pleased.” - David G.
